Two bears have to defend their cave against 24 hounds. The hounds have to drive the bears into a corner so that they are unable to move. Meanwhile, the bears attempt to chase the hounds away by jumping over them.

Fox and Geese

One fox against 17 geese! The fox kills the geese by jumping over them, while the geese win by driving the fox into a corner and blocking it.

This game includes a beautifully finished beech wood board and coloured tokens made from maple. It is hand-made in small batches by German craftsmen.
